ISCAT 2026 - 32 years of expertise in catheter ablation innovation.

The field of cardiac electrophysiology has never evolved so rapidly—and neither has ISCAT.

After 32 years of pioneering expertise, ISCAT continues to expand its board of directors by bringing together **EP leaders from 10 countries** in order to remain at the forefront of scientific progress in cardiac electrophysiology.

The 16th International Symposium on Catheter Ablation Techniques will mark this new era, **from November 25 to 27, 2026, at the Pullman Paris Montparnasse**. (Please note the change of venue).

Connected to the world's leading research groups, **ISCAT 2026** will offer a scientific program of the highest excellence, promoting cutting-edge knowledge, dynamic discussions, and cross-border collaborations.

We are entering a major turning point in catheter ablation: **Pulsed Field Ablation (PFA)** is no longer a promise — it is becoming a new standard.

ISCAT 2026 will give you exclusive access to the latest data on safety and efficacy, direct from ongoing studies and international pioneers.

We will remain true to our DNA, which is **translational science combined with the latest technological advances in our field** through highly interactive, video-enhanced sessions designed to challenge ideas and foster innovation.

As always, ISCAT remains committed to training and excellence, with satellite sessions for young EPs organized by the RETAC and allied professionals (Nurses and EP techs).

We can't wait to see you in Paris, November 2026!

The Organizing Committee.

WEDNESDAY, NOVEMBER 25

13.45 – 14.00

Opening Ceremony

14.00 – 15.20

Session #1: AF Anticoagulation in the future

Chair: Charles Guenancia, Dijon - France – Etienne Aliot, Nancy - France

- Are all AF exposing to the same risk: role of AF burden
*Nina Becher, Hamburg - Germany**
- Is CHADS-VA the right tool?
Josselin Duchateau, Bordeaux - France
- Debate: Are we over anticoagulating patients with successful AF ablation?
 - Pro
Dan Wichterle, Prague - Czechia
 - Con
Laurent Fauchier, Tours - France
- LAA closure during PVI - *Pre-recorded live case*
Romain Eschalier, Clermont-Ferrand - France
- Debate: Left atrial appendage occlusion combined with AF ablation
 - Pro
*Ulf Landmesser, Berlin - Germany**
 - Con
Fabrice Extramiana, Paris - France
- Discussion

15.20 – 17.00

Session #2: Should we map AF, does it help increasing outcome in persistent AF?

Chair: Laure Champ-Rigot, Caen - France – Mélèze Hocini, Bordeaux - France

- Reentry as a Mechanism of AF: Human Insights Beyond the Pulmonary Veins
Elad Anter, Beer Yakov - Israel
- Functional vs. Structural Remodeling: What Defines the AF Substrate?
Antonio Frontera, Milan - Italy
- What are AI based mapping and ablation results and how to achieve freedom from all recurrences?
Isabel Deisenhofer, Munich - Germany
- What are Flow EGM mapping and ablation results?
Pre-recorded live case *Lucas Boersma, Nieuwegein - The Netherlands**
- Simultaneous multisite mapping of irregular macroreentry during atrial fibrillation: clinical implication beyond pulmonary vein isolation
Thomas Pambrun, Bordeaux - France
- PVI + PW : why bothering with the complete Marshall plan?
Melanie Gunawardene, Hamburg - Germany
- Anatomical approach is all you need
Nicolas Derval, Bordeaux - France
- How PFA reshapes safety boundaries within the framework of evidence-based medicine and PROMPT AF 2
Yiwei Lai, Beijing - China
- Discussion

*Potential speakers**

**Session #3: Risks and benefits of PFA**

Chair: Melanie Gunawardene, Hamburg - Germany – Ante Anic, Split - Croatia

- Basics of PFA: why all PFA system are not the same? *Laure Champ-Rigot, Caen*
- Feed-back from the french PFA experience *Frederic Anselme, Rouen - France*
- Coronary spasm-Proximity-Related vs Generalized, risk of sudden cardiac death? *Jacob Koruth, New York - USA*
- Other PFA related complications (hemolysis, inflammation, Laryngo spasm, CEID dysfunction ...)
Miruna Popa, Munich - Germany
- Live Volt case with AWAKE protocole *Roland Tilz, Luebeck - Germany*
- Discussion

THURSDAY, NOVEMBER 26

08.30 - 09.30

Session #4: Challenging AF and AT cases

Chair: *Nicolas Derval, Bordeaux - France*

- Recurrence after Durable PVI: Mechanistic Clues to What Remains
Elad Anter, Tel Aviv - Israël
- Topological mindset for AT analysis
Mattias Duytschaever, Bruges - Belgium
- Challenging and non-macroreentrant ATs
Roin Rekvava, Tbilisi - Georgia
- My tricks for challenging linear lesions
Arian Sultan, Hamburg - Germany
- Discussion

09.30 - 10.30

Session #5: PFA – Indications and tools in AF ablation

Chair: *Stéphane Combes, Toulouse - France – Pierre Jais, Bordeaux - France*

- Should we ablate asymptomatic Pers AF patients at the era of PFA?
Arian Sultan, Hamburg - Germany
- Future tools in AF ablation
Jacob Koruth, New York - USA
- Patient level PFA meta-analysis
Daniel Scherr, Graz - Austria
- Pre-recorded sphere 360 case
Jérôme Lacotte, Massy - France
- Discussion

10.30 – 11.00

Coffee break in the exhibition area
RETAC practical rhythmology workshops

11.00 – 12.00

Session #6: AF ablation indications

Chair: *Jean-Paul Albenque, Toulouse - France – Jean-Marc Sellal, Nancy - France*

- Personalized lifestyle intervention to improve AF ablation outcomes
Lukas Dekker, Eindhoven - The Netherlands
- Early vs delayed AF ablation: what is the right timing, when is it too late?
Serge Boveda, Toulouse - France
- AF ablation in specific conditions (laminopathies, HCM or amylose), does it worth it?
Andrea Mazzanti, Pavia - Italy
- Tachycardiomyopathy detection and management
Claire Martin, Cambridge - UK
- Hybrid AF ablation (endo-epi)
*Tom Wong, Londres - UK**
- Discussion

*Potential speakers**

12.00 – 13.15

Session #7: 30 years Anniversary of Cardiac Mapping

Chair: Karl-Heinz Kuck, Hamburg - Germany* – Frank Marchlinski, Philadelphia - USA

- Electrophysiology before 3D mapping? *Michel Haïssaguerre, Bordeaux - France*
- Past, present and future Carto versions, vision at 10 years!
*Karl-Heinz Kuck, Hamburg - Germany**
- Future of catheters (Feather, PFA portfolio)
Pierre Jaïs, Bordeaux - France
Elad Anter, Tel Aviv - Israël
- My ideal EAM system
Andreu Porta-Sanchez, Barcelona - Spain
- Discussion

13.15 – 14.15

Lunch break in the exhibition area
RETAC practical rhythmology workshops

14.15 – 15.40

Session #8: Autonomic Nervous System

Chair: Dan Wichterle, Prague - Czechia – Sandro Ninni, Lille - France

- Cardiac autonomic innervation. What is known and what remains to discover? *Veronica Dusi, Turin - Italy*
- Surgical ablation of IST and POTS *Carlo De Asmundis, Brussels - Belgium*
- CNA ablation targets and tactics: a surgeon's view
Bart Maesen, Maastricht - The Netherlands
- Reinnervation and redos: Axonal damage? Nerve sprouting?
What strategy? *Stefanos Zafeiropoulos, Zurich - Switzerland*
- Cardioneuroablation - *Pre-recorded live case*
Josselin Duchateau, Bordeaux - France
- Discussion

15.40 – 16.40

Session #9: Failures in EP - learning from redo cases

Chair: Frédéric Sacher, Bordeaux - France – Roin Rekvava, Tbilisi - Georgia

- AF/ALF case *Ante Anic, Split - Croatia*
- SVT case *Daniel Scherr, Graz - Austria*
- Ventricular arrhythmia case *Frank Marchlinski, Philadelphia - USA*

16.40 – 17.10

Coffee break in the exhibition area
RETAC practical rhythmology workshops

Potential speakers*

Session #10: SCD, AI and risk stratification

Chair: Olivier Piot, Saint-Denis - France – Eloi Marijon, Paris - France

- Digital twin, and risk prediction *Maxime Sermesant, Sophia Antipolis - France*
- Remote monitoring and AI-driven arrhythmia detection (wearables, loop recorders, smartwatches) *Fleur Tjong, Amsterdam - The Netherlands*
- Identifying Ventricular Dysfunction Indicators in Electrocardiograms via Artificial Intelligence-Driven Analysis *Hisaki Makimoto, Shimotsuke - Japan*
- Can sudden cardiac death be predicted and prevented?
Michel Haïssaguerre, Bordeaux - France
Gerhard Hindricks, Berlin - Germany
- PROFID-EHRA. Latest Insights
- Discussion

FRIDAY, NOVEMBER 27

08.30 – 09.30

Young Investigator Session / EHRA

with EHRA presentation by Daniel Scherr

*Chair: Pierre Jaïs, Bordeaux - France – Philippe Maury, Toulouse - France - Estelle Gandjbakhch, Paris - France**

- Dose-associated electroanatomical remodeling after stereotactic arrhythmia radioablation: a multimodal voltage analysis in patients undergoing redo ventricular tachycardia ablation *Melvyn Dezecot, Rennes - France*
- Three-Dimensional Non-invasive Localization of Ventricular Tachycardia Circuits Using Volumetric Source Imaging *Pranav Bhagirath, Amsterdam - The Netherlands*
- Comprehensive assessment of thermal effects of pulse field ablation using a thermochromic hydrogel *Jaspal Gill, London - United Kingdom*
- Noninvasive Functional Remapping of Ventricular Tachycardia Substrate with Periprocedural Volumetric Source Imaging *Pranav Bhagirath, Amsterdam - The Netherlands*

09.30 – 10.50

Session #11: Cardiac Imaging in 2026: how to and why?

Chair: Christian de Chillou, Nancy - France – Elad Anter, Tel Aviv - Israël

- Value of cardiac CT and Photon Counting CT scan for EP procedure *Hubert Cochet, Bordeaux - France*
- Usual, new and future of cardiac MRI *Aurélien Bustin, Bordeaux - France*
- Single-beat ECGI for hemodynamically unstable VT: noninvasive maps to guide invasive strategy - *Pre-recorded live case*
Andreu Porta-Sanchez, Barcelona - Spain
- Value of Intra-Cardiac Echography *Petr Peichl, Prague - Czech Republic*
- Imaging parameters that define VT recurrences *Ivo Roca-Luque, Barcelona - Spain*
- Image guided ablation in Randomized controlled trial - *Pre-recorded live case*
Frédéric Sacher, Bordeaux - France
- Discussion

10.50 – 11.20

Coffee break in the exhibition area
RETAC practical rhythmology workshops

Session #12: Alternative technologies in VT/PVC ablation: when and in whom?

Chair: Nicolas Lellouche, Paris - France – Tomasz Jadczyk, Krakow - Poland

- Stereotactic Ablation, known and unknown mechanisms
Tomasz Jadczyk, Krakow - Poland
- Complex PVCs and intramural foci: a stepwise mapping algorithm and advanced ablation strategies
Andres Enriquez, Philadelphia - USA
- Is there a role for focal PFA in VT/PVC ablation?
Martin Ruwald, Copenhagen - Denmark
- Application of PFA in ventricular arrhythmias: China experience
Huimin Chu, Ningbo - China
- PVC ablation with focal PFA - *Pre-recorded live case*
Roland Tilz, Lubeck - Germany
Maarten De Smet, Bruges - Belgium
Pierre Jais, Bordeaux - France
- Alcohol Ablation
- High Power PFA for VT
- Discussion

12.50 – 13.50

Lunch break in the exhibition area
RETAC practical rhythmology workshops

13.50 – 14.50

Session #13: VT Storms and rare conditions

Chair: Vincent Probst, Nantes - France – Frank Marchlinski, Philadelphia - USA

- Cardiogenetic Disease: Role of the Immune System
Estelle Gandjbakhch, Paris - France
- Percutaneous stellate ganglia ablation
Simone Savastano, Pavia - Italy
- Mapping to identify NICMP origin and guide biopsy
Philippe Maury, Toulouse - France
Raphael Martins, Rennes - France
Mélèze Hocini, Bordeaux - France
- When to ablate in NICM, ICM?
- How to deal with VF storm?
- Discussion

Session #14: How to treat VT in 2026

Chair: Philippe Maury, Toulouse - France – Christian de Chillou, Nancy - France

- How and why structuring a VT unit? *Paolo Della Bella, Milan - Italy*
- Techniques and tools to improve safety of epicardial access
Francis Marchlinski, Philadelphia - USA
- Substrate mapping, an overview of the available annotation tools
Elad Anter, Tel Aviv - Israël
- Automated DeEP mapping results - *Pre-recorded live case*
Andreu Porta-Sanchez, Barcelona - Spain
- In congenital heart diseases
Victor Waldmann, Paris - France
- Septal VT ablation
Frédéric Sacher, Bordeaux - France
- Targeting mobile intracavitary structures
Romain Tixier, Bordeaux - France
- VT ablation using Smarties - *Pre-recorded live case*
Jean-Marc Sellal, Nancy - France
- Discussion

PROGRAMME PARAMÉDICAL

MERCREDI 25 NOVEMBRE

13.45 - 14.00

Cérémonie d'ouverture

14.00 - 15.00

Les explorations électrophysiologiques endocavitaires

Modération : Flore Briot, Essey-lès-Nancy – Walid Amara, Montfermeil

- Notions d'anatomie/physiologie pour comprendre la rythmologie
Mathieu Echivard, Nancy
- Quand et pourquoi demander une exploration ? (indications, réalisation pratique)
Baptiste Maille, Marseille
- Interprétation des signaux endocavitaires
Mickael Laredo, Paris
- L'IDE en salle pendant une exploration
Elisa Quinquis et Gladys Guillermin, Brest

15.00 - 16.00

Se repérer / se guider :

Modération : Céline Alba, Nancy – Augustin Bortone, Nîmes

- L'infirmier d'échographie cardiaque en salle d'intervention
Céline Leroi, Le Havre
- Apport de l'imagerie en coupe pour l'ablation
*Bruno Soré, Bordeaux**
- Impact des rayonnements ionisants sur le personnel de santé
Corentine Chaumont, Rouen
- Table ronde

16.00 - 17.00

Les différents systèmes de navigation 3D : quelles spécificités pour l'installation, pour quelles indications ?

Modération : Jérôme Hourdain, Marseille

- Système CARTO
Aurélien Maron et Nina Bouche, Nancy
- Système ENSITE X
Benoît Frey et Aurore Garrigoux, Paris
- Système OPAL HDx
Valérie Burnot et Ons Marsit, Grenoble
- Système AFFERA
Vanessa Mougin et Maxime Tissier, Besançon
- Table ronde

17.00 - 17.30

Pause-café dans l'exposition
Ateliers pratiques de rythmologie du RETAC

*Orateur pressenti**

Les ablations de tachycardies supraventriculaires

Modération : Jessica Colpin, Troyes – Jacques Mansourati, Brest

- TRIN
- Voie accessoire
- Flutter atrial commun
- QUIZ ECG

Sandrine Venier, Grenoble

Cédric Klein, Lille

Laurence Jesel, Strasbourg

Grégoire Massoulié, Clermont-Ferrand

JEUDI 26 NOVEMBRE

09.00 – 10.30

Troubles du rythme ventriculaire

Modération : Carole Mette, Saint-Denis – Benjamin Sacristan, Bordeaux

- ESV quand proposer une ablation et comment la pratiquer ?
François Lesaffre, Reims
- Ablation de TV endocardique (indication, différentes stratégies substrat vs circuit)
Néfissa Hammache, Nancy
- Ablation de TV par voie épicaudique (indication, complication)
Kévin Gardey, Lyon
- Ablation de TV sous ECMO
Redwane Rakza, Rennes
- L'IDE en salle pendant l'ablation de TV
Karine Petit, Tours
- Table ronde

10.30 – 11.00

Pause-café dans l'exposition
Ateliers pratiques de rythmologie du RETAC

11.00 – 12.00

Les nouvelles techniques

Modération : Lauranne Nicolleau, Poitiers – Alexis Hermida, Amiens

- Electroporation : les différents systèmes
Maxime de Guillebon, Pau
- Cardio neuro ablation
Léa Benabou, Bordeaux
- Radiothérapie externe
Karim Benali, Saint-Etienne
- Explo humérale
Céline Alba, Nancy

12.00 – 13.15

Pédiatrie, cardiopathie congénitale et canalopathie

Modération : Mélanie Girault, Paris – Victor Waldmann, Paris

- Prise en charge spécifique de l'enfant : quand ablater, quelques exemples d'arythmies
Alice Maltret, Le Plessis-Robinson
- Syndrome de BRUGADA : test à l'ajmaline et ablation : chez qui ? quand ? comment ?
Antoine Delinière, Lyon
- QT long et torsades de pointes
Isabelle Denjoy, Paris
- Spécificités non médicales de la prise en charge des enfants
Nathalie Fournier et Mathilda Borel, Lyon
- Table ronde

13.15 – 14.15

Pause déjeuner dans l'exposition
Ateliers pratiques de rythmologie du RETAC

*Orateur pressenti**

14.15 – 15.30

Ambulatoire

Modération : Adrien Labrude, Chartres – Bertrand Pierre, Tours

- Pour quels types de procédure ? Exploration, ablation, tests médicamenteux *Marjorie Niro, Saint-Denis*
- Organisation d'un centre *Karine Simonneau et Ericka Schuurman, Toulouse*
- Ablation de FA en ambulatoire ? *Jean-Luc Pasquié, Montpellier*
- Table ronde

15.30 – 16.40

La FA et flutters atypiques

Modération : Léo Warning, Neuilly-sur-Seine – Xavier Waintraub, Paris

- Les différents types de FA (définitions, mécanisme, impact...) *Hugo Marchand, Saint-Laurent-du-Var*
- Ablation : quelle stratégie pour la FA parox / la persistante ? *Jan Charton, Bordeaux*
Néfissa Hammache, Nancy
Charles Guenancia, Dijon
- Les flutters atypiques ?
- Quiz FA
- Table ronde

16.40 – 17.10

Pause-café dans l'exposition
Ateliers pratiques de rythmologie du RETAC

17.10 – 18.20

Évolutions professionnelles

Modération : Jimmy Guibert, Le Mans – Raoul Bacquelin, Chambéry

- L'accueil du nouvel arrivant *Marion Guelton et Martin Dastakian, Rouen*
- Retour d'expérience du nouvel arrivant *Lucas Balsan, Montpellier*
- Les formations de l'industrie *Céline Alba, Nancy*
- DIU de rythmo et perspectives *Carole Mette, Saint-Denis*
- Table ronde

VENDREDI 27 NOVEMBRE

09.00 - 10.00

Gestion des complications

Modération : Hélène Valette, Quimper – Mina Ait Said, Massy

- BAV complet : mécanismes, prise en charge
- Tamponnade/épanchement péricardique : quelle prise en charge ?
- Sus décalage : causes et prise en charge
- Hématome/fistule : comment les prévenir ? Comment les traiter ?
- Table ronde

Bochra Boulahrir, Paris

Sélim Abbey, Nantes

Baptiste Maille, Marseille

William Escande, Saint-Denis

10.00 - 11.00

Gestion du stress et de la douleur

Modération : Maryse Cussonneau, Saint-Brieuc – Benoît Guy-Moyat, Limoges

- Rôle IDE /IADE
- Rôle infirmier dans la prise en charge de la douleur en salle d'intervention
- Quand l'anesthésie générale est-elle nécessaire ?
- Table ronde

Edith Gomez, Saint-Denis

Maurane Blot et Camille Renaut, Rennes

*Guillaume Sart, Massy**

11.00 - 11.30

Pause-café dans l'exposition
Ateliers pratiques de rythmologie du RETAC

11.30 - 12.50

Les nouveaux rôles des soignants

*Modération : Bénédicte Toxe, Créteil – Vladimir Manenti, Massy**

- IPA en rythmologie : parcours, contraintes réglementaires
- La prise en charge des facteurs de risque de FA par l'IPA
- L'IDE de programmation
- Leadership et recherche infirmière en rythmologie
- Expérimentation sur la réutilisation des DMUU
- Table ronde

Charlotte Dubois, Bordeaux

Audrey Marchal, Nancy

Amélie Bareille, Pau

Carole Mette, Saint-Denis

Sandra Noël et Sandra Wloch, Bordeaux

12.50 - 13.50

Pause déjeuner dans l'exposition
Ateliers pratiques de rythmologie du RETAC

*Orateur pressenti**

ATELIERS PRATIQUES DE RYTHMOLOGIE DU RETAC

MERCREDI 25 NOVEMBRE

17.00 – 17.30

Interprétation des électrocardiogrammes embarqués (stimulation/defibrillation)

*Adrien Carabelli, Grenoble – Quentin Voglimacci Stephanopoli, Toulouse**

JEUDI 26 NOVEMBRE

10.30 – 11.00

Interprétation des électrocardiogrammes embarqués (stimulation/defibrillation)

Benoît Guy-Moyat, Limoges

13.45 – 14.15

Interprétation des ECG de Surface

Stéphane Combes, Toulouse – Nicolas Combes, Toulouse

16.40 – 17.10

Préparation examen EHRA

Stéphane Combes, Toulouse – Benoît Guy-Moyat, Limoges

VENDREDI 27 NOVEMBRE

10.50 – 11.20

Interprétation carte mapping 3D : le supraventriculaire

Nicolas Combes, Toulouse – Benoît Guy-Moyat, Limoges*

13.20 – 13.50

Interprétation carte mapping 3D : le ventricule

Sandrine Venier, Grenoble – Quentin Voglimacci Stephanopoli, Toulouse

*Orateur pressenti**

[illegible]

GENERAL INFORMATION

LOGISTICS AND REGISTRATION

Overcome

13-15, rue des Sablons
75116 PARIS
Ph: +33 (0) 1 40 88 97 97
iscat@overcome.fr

CONGRESS VENUE

HÔTEL PULLMAN PARIS MONTPARNASSE
19 Rue du Commandant René Mouchotte
75014 PARIS

REGISTRATION ONLINE ON WWW.ISCAT.NET

	UP TO OCTOBER 12, 2026	FROM OCTOBER 13, 2026	ON SITE
Delegates	€ 800	€ 850	€ 900
Nurses & Technicians*	€ 360	€ 380	€ 400
Residents & Students*	Free		

*A certificate is required

Registration fees include: an access to the scientific sessions and the exhibition, congress documents, lunches and coffee breaks. The closing date for individual registration is on November 23, 2026. After that date, registration will be on-site.

Cancellation policy: to request a refund, participants must return their registration receipt with a written request to Overcome before October 11, 2026. There will be a cancellation fee of €60 (excluding VAT). No refunds will be possible after this date.

EXHIBITION

Pharmaceutical firms, technical equipment companies and scientific book publishers will display their products at the exhibition located adjacent to the conference rooms.

ACCOMMODATION

For any information and reservation, please contact the OVERCOME agency.
Ph: +33 (0)1 40 88 97 97.

ACCREDITATION

The 16th International Symposium on Catheter Ablation Techniques is currently being reviewed for accreditation by the European Board for Accreditation in Cardiology (EBAC). Medical Education Number of the "Société Française de Cardiologie": 11 75 067 28 75

TRANSPORT

Event: **ISCAT 2026**
ID Code: **GME60664AF**
Travel valid period:
November 18, 2026 to December 4, 2026
To access the preferential fares granted for this event, use this link: **www.airfrance-globalmeetings.com**

OFFICIAL LANGUAGE

English for the sessions dedicated to doctors. **Français** pour les sessions dédiées aux infirmier(ère)s, technicien(ne)s et électrophysiologistes en formation.
